

We understand the importance of staying connected and equipped with the best tech, especially while traveling. There's a lot of important gear to take with you, so we've compiled this checklist to make it easier! Happy Travels from all of us at Citynet!

## YOUR SMARTPHONE

**Charging Cables**  
Make sure it is fully charged and updated with all necessary travel apps. Pack extra cables for all your devices, preferably durable, braided ones.

### Power Bank

A high-capacity power bank (10,000mAh or more) is crucial to keep your devices charged on the go.

### Portable Charger

For quick recharges a compact portable charger can be a lifesaver.

### Universal Adapter

A universal travel adapter ensures you can plug into any outlet around the world.

### Waterproof Phone Case

Perfect for beach trips or unexpected rain, keeping your phone safe and dry.

## TRAVEL TIPS

### Backup Your Data

Before you leave, make sure to back up your phone and laptop.

### Protect Your Devices

Use sturdy, protective cases for all your gadgets to avoid damage.

### Keep Valuables Close

Always carry your tech valuables in your carry-on bag.

### Check Voltage Requirements

Ensure your chargers and devices are compatible with the local voltage.

## Mirrorless Camera

For photography enthusiasts, a compact mirrorless camera offers professional-grade photos without the bulk of a DSLR.

### Drone

Capture stunning aerial footage of your destinations with a travel-friendly drone.

### Action Camera

An action camera like a GoPro is perfect for capturing adventures from snorkeling to zip-lining.

### Gimbal Stabilizer

Consider one to ensure smooth video footage for your smartphone or camera.

CAMERA FUN

## ORGANIZATION

### Cable Organizer

Keep all your charging cables and adapters neatly organized.

### Packing Cubes with Built-in Charging

Some packing cubes now come with built-in charging ports, combining organization with convenience.

### RFID Blocking Wallet

Protect your personal information with an RFID-blocking wallet.

### Key Finder

Attach a Bluetooth key finder to your keys or bags to easily locate them.

### Smart Luggage

Includes built-in chargers and GPS tracking.

## CONNECTIVITY

### Portable Wi-Fi Hotspot

Stay connected anywhere with a portable Wi-Fi hotspot.

### Travel Router

A compact travel router can improve Wi-Fi connections in hotels.

### Laptop /Tablet/eReader

Work on the go or take all of your beach reads on a lightweight e-reader like a Kindle!

### External Hard Drive

Backup your photos and important documents.

### Solar Charger

Harness the power of the sun to keep your devices charged!

## HEALTH & SAFETY

### Smartwatch/Fitness Tracker

Keep track of your steps, heart rate, and even navigation with a smartwatch or fitness tracker.

### Portable UV Sanitizer

Ensure your gadgets stay germ-free with a portable UV sanitizer box.

### Personal Safety Alarm

A small, portable personal safety alarm can provide peace of mind when exploring new places.

## AUDIO ESSENTIALS

### Noise-Canceling Headphones

Block out the noise during flights or bus rides with these.

### Bluetooth Speaker

It can set the mood in your hotel room or at a picnic.

### Earbuds

Compact and convenient for quick access to music or podcasts.
